WITH A ONE-STEP SOLUTION

**ARE PAINT RUNS, OVERSPRAY,
ORANGE PEEL OR DIRT NIBS
SLOWING YOU DOWN?**

DO YOU NEED AN EASY-TO-USE, ONE-STEP SOLUTION FOR PAINT FINISHING?

Introducing the Presta® PACE™ Paint Finishing System.

For a body shop, speed is critical. You need something that provides a quality finish quickly; something that's user friendly and won't leave swirls. You don't have time to go back and do it again because time is money. PACE is easy to use, reduces inventory, uses less product and eliminates guess work... in one step.

- Foam Pad Conditioning Brush #890080
- 5 Ultra-Soft Edgeless Microfiber Cloths #800136
- PACE Poster #800616

The Finest of Finishing Products™

PACE™ Paint Finishing System is a one-step process that's easy to use, reduces inventory, uses less product and eliminates the guess work.

Designed to work with an orbital polisher, PACE allows collision centers to cut P1500 sand scratches and finish without swirls. The great cutting power and polishing action lets you use less sand paper, saving time and money. Coupled with its ease of use, body shops will see cycle times improve ... and that means more cars out the door.

The core of the PACE system are the choice of two compounds, an optional polish and an optional glaze to fit your needs. Each PACE compound has its own unique buffing pads calibrated to work on specific types of sand scratches and clears with the Presta-branded FLEX orbital polisher.

Choose your one-step compound:

	FINAL SANDING GRIT	PACE PRODUCT	PACE PAD	
 OR 	P1500	 Heavy Cut	 Hard Clears	Purple Foamed Wool Heavy Cut Pad
			 Soft Clears	Grey Foam Heavy Cut Pad
	P2500	 Medium Cut		Orange Foam Medium Cut Pad

PACE also offers two optional enhancers to achieve a deep, wet look.

PACE PRODUCT		PACE PAD
	Ultimate Polish	
	Protective Glaze	

**REDUCE CYCLE TIMES.
STUNNING RESULTS.
