

2K GLAMOUR CLEAR

3680061

2K Glamour Clear

Maximum resistance to abrasion and scratching

- Long lasting high gloss
- Very smooth flow
- Excellent polishing ability
- No color deviation
- Suitable even at higher ambient temperatures
- Premium appearance and performance
- Maximum UV protection

Excellent for: small damage repairs, restorations and industrial applications. This 2K clear coat has very high chemical, gasoline, and weather resistance properties. This ensures a high-quality and long-term sealing of repair paint jobs. The 3680061 2K clear coat produces a glass like finish on new paint jobs on cars and motorcycles.
